

GenauMeinAgile-Canvas

Bagilstein GmbH

VISION

- Why do you want to perform an agile transition?
- What is the main purpose of this part of your initiative?

SCOPE

- What is the scope of your agility? Which parts of the organization are covered, e.g. engineering, marketing, etc.?
- What is your current focus? A single team, a complete product development, a department or the complete enterprise?

STAKEHOLDER

- Who is driving the change towards agility?
- Who are the sponsors or supporters of this ?
- Who are the main beneficiaries?
- Which other stakeholders are involved? Why are they stakeholders?

MOTIVATION / GOAL

- What is your or the stakeholder motivation behind agility?
- Which goals would you like to reach, e.g. transparency, customer value, time to market, knowledge transfer, motivation, etc.?
- What are the top goals you or the stakeholders want to reach? Please prioritize the previous mentioned goals!

ABILITY (Context)

- What is your given organizational context, e.g. team size, distribution, organizational structure?
- What organizational processes and structures are given (if they are not part of permissions)?

PERMISSION (Context)

- Which (internal and external) regulatory authorities influence your work? And why?
- Which (internal and external) regulations do you need to fulfill, e.g. from laws, from your domain or internal company compliance?
- What are given parameters by these regulations that influence or permit the usage of agile practices?
